Marriage with foreign factor

"The relationship of marriage and family involving foreign elements" means the relationship between marriage and family Vietnam nationals and foreigners, between foreigners permanently residing together in Vietnam, between Vietnam and citizens each other and the ground to establish, change or terminate such relationship or foreign law relating to property in which foreign relations.

Currently, Vietnam has many foreigners married formation of multi-nationality family, multiculturalism became the cultural bridge between Vietnam and other countries around the world. Many foreign nationals have to meet the Vietnam adoption contributed to home and family for many children are abandoned, are especially difficult circumstances as a result of the war.

Our notion that marriage with a foreigner is inevitable in the context of globalization today. We can not because the old concepts such as time of foreign invasion, but also condemn the marriage and prevent foreign elements. Voluntarism can not or do not want to want to have the phenomenon of marriage with foreigners. This is a problem during normal development, exchanges and economic integration, cultural.
